

DVD format

Your DVD(s) will contain edited footage showing the day as I interpret it. Usually it will be DVD-R in 16:9 widescreen format for PAL televisions, but can also be produced in 4:3 format if you prefer (please inform me ahead of the day after speaking to whoever might require copies).

Terms of business

A 25% deposit is payable upon completion of the booking forms. The balance is paid upon delivery of the video after the wedding.

Copyright

All footage taken by me remains my copyright. The couple must speak to the venues to ensure they are aware I shall be attending, and pay any copyright fees required by the venues (eg. Church copyright fees). Where the couple request particular music to be incorporated within the DVD, copyright fees must be paid to the Performing Rights Society.

Sizes

Sizes vary due to image type and are approximate.

Variation

Prices, sizes, film formats etc. may vary without notice.

VAT

VAT is included in all the above prices at the rate prevailing at the time of booking. Should the rate of VAT change, prices will vary accordingly.

Videography

In addition to photography (see separate leaflet), I also offer video coverage of your wedding. This is done using the latest high end video equipment to produce a DVD containing footage of your day.

Please ring the number on the cover to arrange to see a sample full wedding DVD and discuss your requirements as each wedding is different. Short "trailer" films are available on my website.

I have full insurance cover.

Coverage

Depending on which package you choose, I can cover the rehearsal, from the leaving address, ceremony, reception and right up to the evening reception and dancing.

Style

In every package I usually take a good selection of informal / candid footage as well as the traditional formal style images. If you wish the proportion of these to be increased, please let me know.

Photo slideshows

A selection of "early years" and other photos can be added to the DVD as a slideshow, if you wish. If you have a stills photographer at your wedding, with their permission you can also have a slideshow of those photos added. Please discuss with me for the technicalities of what type of photographs can be added.

Extra DVDs

Available for £50 each.

Other extras

I can arrange a 7 inch digital "photo" frame that can sit on your mantelshelf or coffee table and play a lower resolution version of your main film, as well as include a slideshow of the still photographs your photographer has taken. £150.

Video & photography complete

I work on my own so cannot have a second person to help. It is possible for me to take a second day. So, for instance, if you have a second ceremony and maybe some at the end of the evening, I can fit into any of the above video packages as a second disk or as a slideshow on the DVD. For more details on these photos, please refer to the photography packages price list.

Music

The couple can choose their own music for the wedding film (subject to copyright) in CD or MP3 format files con
